

Verisure achieves top Sustainalytics ESG ranking for third consecutive year

Geneva, Switzerland, 24 March 2026 – Verisure, the leading provider of professionally monitored security services in Europe and Latin America, has been recognised as a 2026 ESG Leader¹ by Sustainalytics, achieving top rankings across Global, Regional and Industry categories for the third consecutive year.

Verisure is placed amongst the top 10% companies worldwide for environmental, social and governance performance according to Sustainalytics assessment of its risk rating, which continues to be classified as *Negligible Risk*².

Sustainalytics, part of the Morningstar Group, assessed more than 15,000 companies worldwide across industries and regions. The ratings measure how companies manage some of the most important industry-specific ESG risks and how effectively those risks are managed, drawing on more than 200 indicators across environmental, social and governance.

Marta Panzano, Chief Human Resources, Communications, and ESG Officer, said: “We are proud of our continued progress across ESG, as it is intrinsic to our mission. From supporting the people and communities we are privileged to protect, to advancing on our environmental commitments, data protection, strong governance, and the well-being of our teams, we continue to strengthen our impact. We remain committed to advancing our ESG strategy, ensuring that we grow responsibly while protecting what matters most.”

¹ Awarded as of 2026. The ESG Leader Badge recognises companies based on Sustainalytics' rules-based methodology. Recognition is based on publicly available data at the time of assessment and may not fully capture all aspects of a company's sustainability strategy or actions. Companies are compared within defined frameworks; recognition should not be interpreted as an absolute measure of sustainability performance or a guarantee of performance or outcomes. Further information concerning the Badges and the underlying products can be found on this [webpage](#).
