

Verisure recognised as a best-in-class employer in all 17 countries

Verisure, the leading provider of professionally monitored security services in Europe and Latin America, is proud to announce that it is now Great Place to Work™ and/or Top Employer® certified in all 17 countries in which it operates.

Denmark, Germany, Ireland, Norway, and Portugal recently received their first Great Place to Work™ certifications, joining Argentina, Belgium, Brazil, Chile, Finland, France, Italy, the Netherlands, Peru, Spain, Sweden and the United Kingdom – all now officially recognised as either a Top Employer® or Great Place to Work™ or both. These recognitions come on top of numerous local certifications across countries to date.

In addition, Verisure has been named as Top Employer® in Europe consecutively in 2024 and 2025 and was listed in the Financial Times' inaugural selection of the best employers in Europe for 2025.

'This is a proud moment for all of us at Verisure. While the best reward is having highly engaged teams across our Company, external recognitions like these help establish us further as a best-in-class employer and attract top talent to fuel our continued growth. Thank you to our teams across countries, for their commitment and dedication to building welcoming and inclusive workplaces – living our DNA every day,' says Marta Panzano, Chief HR, Communications, and ESG Officer.

This is the latest recognition for Verisure as an employer that champions high-performing, supportive environments across all its markets. By driving engagement, growth, and development, Verisure empowers teams to reach their full potential. These prestigious recognitions also strengthen pride and belonging among colleagues, helping Verisure attract top-tier talent and continue delivering the best possible service to its customers.
